Surabaya

Dear Sir/Madam,

I am writing to you to inquire about the possibility to join in your company that was informed before. I am Gama Nuur Aji Firdyani, graduated bachelor degree from Institute Technology Sepuluh Nopember in Surabaya, I am graduated in September 2018. My major in Instrumentation and Control in Engineering Physics Departement, with GPA 3.00 scale of 4.00 and TOEFL score 477. From my background education, I got knowledge about instrumentation, control system such as valve, transmitter, actuator, sensor, PLC, P&ID, safety system, measurement, calibration, design process.

I active in many organization (Engineering Physics Students Associations (HMTF) and I can handle some project in organization such as reduce waste 3R (reduce, reuse, recycle), Krida Friday is cleaning activities campus, and social development (teaching and learning activities for children around campus with more than 50 children) and joined Idjo Creative Crew, I found events about scientific paper competition create schedule every month and publish in Engineering Physics social media), big event (Engineering Physics Week 2015 & 2016) and social activities (social development). I has participated in scientific writing and won a scientific writing competition.

Currently I study master's degree in Management Bussiness and Administration at University Gajah Mada. Expected graduate in 2022. During graduated from bachelor degree, i enriched myself many activities, took training, improve english skills. I high passionate in Finance (market capital, investment, risk management, consulting) and human resources development.

I believe that my character is suitable for solving problems because I like working with challenges, working under pressure, self motivated, adaptable, versatile learner, high achievement in passion, discussing and exchanging ideas are very important to develop and improve herself. If I can come in here and solve problem and accomplish your goals, it will be a great future for me. Thank you for your time and attention, I'm look forward for this opportunity.

Sincerely,

Gama Nuur Aji Firdayani

SUMMARY

I am a person who is passionate about exploring, and learning new things with attention to detail that can support me to do a very good job. I am interested in having discussions, improving time management and considering other people's opinions can help develop and get better performance.

EDUCATION

Engineering Physics

Institute Technology Sepuluh Nopember - Bachelor Degree (2018)
Surabaya
GPA: 3.00

Management and Business Administration

University of Gadjah Mada - Master Degree (Expected graduate in 2022)
Yogyakarta
GPA: 3.50

WORKING EXPERIENCE

Intern at Instrument Departement

PT. INDONESIA POWER, SEMARANG (2017)

Freelance - Ghost Buyer

PT. Paragon Technology and Innovation (2019-2020)

Freelance - Magazine Layout Design

PT. Tjiwi Kimia (2021)

SKILL

Personal Skill

Time management, problem solving, versatile learner

Programming Language

HTML, CSS, SQL

Computer Skill

ms. office, vision labview, photoshop, matlab, coreldraw, autocad

TRAINING & COURSE

Training Basic Web Design (2020)
Held by Dicoding Indonesia

Training Design 2D & 3D (Autocad Inventor, Sketch Up, Ansys, Lumion) (2020)
Held by 3D Expert

Innovative with Labview Training (2018)
Held by PENS

Database & Programming SQL (2021)
Held by Digital Talent

R, SQL, and Python (2021)
Held by DQLab

ACHIEVEMENT

Design the Monitoring and Control System of the Brown Gas Plant Using Labview
Finalis of Mechatronics Automation Competition
held by Mechatronic Engineering PENS (2018)

Design the Monitoring and Control System of Brown Gas Plant Using Internet of Things
3rd Winner of Telemotion Challenge
held by Telecommunication Engineering ITB (2017)

Water Treatment Evaporation and Filtration
1st Winner of Instrumentation and Control National Competition
held by Physics Engineering ITB (2016)

ORGANIZATION EXPERIENCE

Staff of Social Departement
Engineering Physics Student Associations (HMTF) (2015 - 2016)

Staff of Research and Development Program
Idjo Creative Crew (2016 - 2017)
