PROFILE

Over 7 years of experience working as a Technical Support. My latest experience as Junior Front-end Engineer enhanced my abilities in designing, implementing and testing. Interested in DevOps and Cloud Computing.

I have strong technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. Proven efficiency with an ability to quickly learn and navigate latest cutting edge development tools and procedures.
